

USE YOUR PROFESSIONAL TRAINING TO PROVIDE

MEDICAL & DENTAL CARE THAT GETS TO THE HEART OF THE MATTER!

The Mission First Medical & Dental Clinic provides healthcare to serve the heart of the city of Jackson. By using your professional training, you too can heal bodies physically while introducing the hope of spiritual healing all at once!

Currently, the Medical & Dental Clinic is in need of both medical and dental professionals to serve the working uninsured in Jackson. Last year, the clinic provided over \$460,000 in healthcare services through volunteers just like you. With a waiting list of patients hoping to be served, there is a lot more healing waiting to happen.

For more information on volunteering with Mission First, contact the Medical & Dental Clinic at 601.608.0050 or lbakker@missionfirst.org.
